

A new multiplayer game came
out. All my
friends are playing it.

Hm, a character builder. I'll go
with a girl character.

These are some...
interesting stats for a character...

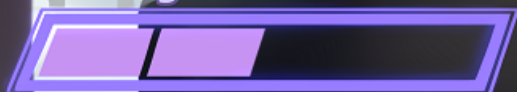

Hips

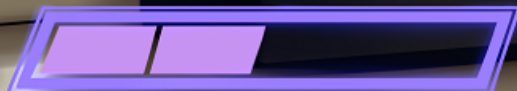

Breasts

Intelligence

Awareness

I feel a little
funny...

Ah, if you increase
one stat, the others
will go down.

Lets just make her
super curvy.

My stats are like,

Maybe I'll see
my character once I'm
in the game, hehe.

Wow, this game is like,
soo realistic!

My butt is so big and soft!
